## → Preface

---

Dear Colleagues and Friends,

it gives me a great pleasure to invite you, in the tradition of the previous 3 Friendship Meetings between Thai and German Neurosurgeons since 2001, to come to Kiel. My co-workers and myself would be very happy if we could make this Meeting again a most enjoyable and fruitful one

Since Kiel has a maritime tradition we thought it appropriate to take you on a ferryboat trip to Oslo allowing for high-quality lectures and dense discussions during this trip while seeing the beautiful countries of northern Europe from the sea side

Looking forward to welcome you to Kiel and its neighbourhood

Maximilian Mehdorn

Due to some place limitations on the ferry boat we would welcome early registration so that we would be able to provide more place as required.

For details on the ferry boat you can go to
